

Santa's Still Coming To Town by St Mary's on the Hill NS

LYRICS

I'm not a morning person except on the 25th
Cos when I wake up I know that I'm gonna get some gifts
Not gettin a bag of coal, not gettin box of rocks
Santa will you squeeze a bicycle into my Christmas socks!?

Like you squeeze down the chimney, stealing all the biccies,
Santa's far from small no he is more like Biggie!

Mrs. Clause stays at home but she's in the control room
Managing the elves tellin her fella where to go to

If I was Santa for a day I think my hair would turn grey
But I'd deliver the gifts in May and give my nan a spin in the sleigh!

Santa be driftin', santa be liftin' off
Santa be giftin, every Christmas, no matter what!!

CHORUS

Even if his sleigh breaks down - Santa's still coming to town!
Even in stormy clouds - Santa's still coming to town!
Even with a virus around - Santa's still coming to town!
Ho ho ho - What's that sound? - Santa's still coming to town!

VERSE 2

Go to Santaland with nana selfie with auntie Samantha
Look at Santa lovin the camera, sippin on fanta, Built like a panda
We be chillin' now Santa is my homie
Told him if Rudolf is sick take a loan of my pony

Christmas Dinner with the gang, pull the cracker make it bang
Roast potatoes they be grand, turkey stuffing gravy ham.

No better feeling than eating that dinner
Shout out the chef it's guaranteed to be a winner

But there's no more cookies and there's no more milk
Santa must have been starvin' he's got no no chill

I'm surprised he wasn't stuck in the chimney
And my dad was wondering "who ate up my Rice Krispies!?"

My nan got a new iPad, asking to go on safari
So I got my animal teddies and put camouflage on barbie

(Ahhh will ya stop messing with me!)

This is a Christmas party

We say goodbye to last year and chill with the family!!!

It's been so long that we've been waiting

To get together and have a celebration

My whole family on Christmas day

Be like santa...

Let nothing get in your way, ho ho!

CHORUS

Even in stormy clouds - Santa's still coming to town!

Even with a virus around - Santa's still coming to town!

Ho ho ho - What's that sound? - Santa's still coming to town!
