

**1st & 2nd Class  
SPHE**

# Fact vs Opinion

**Múinteoir Ray taught us today, that some questions have one correct answer (fact) and other questions have no definite answer (opinion).**

**Write down whether the following questions have an answer that is a fact or an answer that is an opinion.** Remember: You don't need to answer the question (unless you want to do that as well), just write either fact or opinion beside it.

Question	Fact Or Opinion?
1) What day comes after Monday?	
2) Who is the president of Ireland?	
3) What's the best song in the world?	
4) What do you get if you add 1 + 1?	
5) Which food is the best?	
6) Are dogs better than cats?	
7) What is the capital city of Ireland?	
8) Who is the best Homeschool Hub presenter?	

# Delightful Debating

Here's a fun game to play with family at home. You need at least 2 players, some pieces of card or paper, and something to put them into (a bowl or a box).

- 01** Write different topics on cards or pieces of paper.
- 02** Put the cards into a box and pick one at random.
- 03** Set a timer of 60 seconds per person.
- 04** Each person has to give their opinions on the topic as quickly as possible, and then reset the timer and the other person gives their opinions on the topic. You can agree with the topic or you can disagree, but you must give reasons.

Here are some examples of topics you could use, but feel free to make up your own!

- People staying at home, is better for nature.
- School uniforms are good.
- Recycling is not important.
- Homework should be banned.
- Summer is the best time of the year.

# This is Me: Self-Portrait

**Decorate this body outline, showing things that you like about yourself and things that you are good at. Send it in to us if you'd like!**
