

## Procedural Writing

In today's lesson John taught us about writing a procedure. Every day procedures help us to achieve goals by following a step by step guide on how to do something e.g recipes, directions, experiments, board games and much more.

**Let's work on doing our own procedural writing.**

### Checklist of what to include:

- A goal** as the title - What you are going to show how to do e.g. How to boil an egg
- Materials/ingredients** and equipment that are needed.
- Numbered, clearly written **step by step instructions**. Use words like – First, then, next, finally.
- Conclusion** – A short statement that can include tips or advice.
- Optional – Illustrations / photos

**Here is John's recipe for a cup of tea. He has included everything on the checklist.**
