

CYBERBULLYING

Check Your Understanding: Different types of Online Harassment

Match the type of online harassment with the correct description.

1. Personal Intimidation

A) Blocking someone from a popular group such as a school or class group in WhatsApp or Snap Chat, deleting them from friendship lists, and/or using 'ignore functions'.

2. False Reporting

B) Setting up fake profiles and web pages. It can also involve gaining access to someone's profile or messaging app account and using it to contact people while pretending to be the account or profile owner.

3. Exclusion

C) Posting images or videos meant to embarrass someone e.g. sharing personal messages or pictures with a wider audience than was meant by the sender.

4. Personal Humiliation

D) Making false reports to the app/game provider in the hopes of having the user's account deleted.

5. Impersonation

E) Receiving threatening text messages, or comments on your profile on social media, other websites or on messaging apps.
