*Rework by Jessica Hammond & Matthew Graham*

## Verse 1

I'm Nova Jones.  
Do you wana be my friend?  
Wana be part of a gang?  
Just come and take my hand  
Or are you just like me?  
sometimes I feel lonely,  
But I always got my  
Friends and family

## Pre-chorus

You, gotta strive to be more  
And then You'll see a change  
when you believe  
you are unique,  
just the way you are

My heart goes boom, kaboom,  
Yeh it goes boom, kaboom!  
Together we are dynamite  
X2

Hey there, hello  
Don't be someone you're not  
Yeh if you try your best,  
you're doing something smart  
Cause you are you, you, you!  
never lose your faith  
When you find your passion  
See it through

## Pre-chorus

You, gotta strive to be more  
And then You'll see a change  
when you believe  
you are unique,  
just the way you are

Yeh it goes boom, kaboom!  
Together we are dynamite  
X2
