FAST FASHION

In this episode, we saw the Researchers and the Disruptors come up with some really cool and creative ideas for clothing that could help fight fast fashion. **Now it's your turn!**

Do you have any other **big ideas** for how we can combat fast fashion?

Maybe you could invent:

- **An app** to help people make better, more sustainable clothing choices.
- A **community space** where people can upcycle or repair old clothes.
- Or even start a **campaign** to teach others about the impact of fast fashion!
