Part 3. Matching Activity

Match the mode of transport to its environmental impact by drawing a line between them.

Transport

Airplane

Bicycle

Car

Bus

Impact

Causes Air pollution in cities

Creates a lot of greenhouse gases

Can reduce the number of cars on roads

Does not produce any emissions

Part 4. Creative Activity

Draw a picture of a type of transport you think is good for the environment.

Label your drawing to show why it is eco-friendly.
