Thanks

We are looking at the template provided by Pat and building our understanding of the context in which it issued and the nature of the commitment made to [REDACTED]. I am sure the letter could be finalised at very short notice. Will look at it further in the morning.

Aidan,

At the liquidity group meeting it was agreed that we should have a letter of commitment ready certainly by the end of next week for this institution. Pat Ring will provide you with a template we used for [REDACTED]
