

HSE Apology

Dear Mr. and Mrs. Costello,

We would like to apologise unreservedly to both of you and to your son Tadgh for the injuries he sustained at his birth in 2006. Sadly, we are unable to change what happened to Tadgh, but we would like to inform you that we have since introduced specific guidelines and protocols to assist us in preventing adverse outcomes in the future.

We understand how life-changing and difficult this has been for you. We recognise that the past 8 years have been extremely difficult for you and your family. We are glad that the settlement today enables your family to meet Tadgh's needs.

On behalf of HSE, we are sincerely sorry for what occurred.

TJ OConnor

General Manager, KGH
